

# Craputeuse Blanc 2019

**Designation:** Vin de France

**Grape variety:** 100% Chardonnay

**Aging:** Traditional tank

**Oenologist:** Natolie Laboratory, Stéphanie Prabonaud

**Vinification:** Vinification in tanks, fermentation at low temperature to express all the primary aromas. Hand-vatting and gentle pressing. Warm finish for 15 days to fix tannins and color.

**Tasting comments:** This wine combines concentration and delicacy. Aromas that tend towards exoticism, the finish on the palate is long. With its superb mineral structure, the wine evokes a great purity. This wine will go perfectly with sea food and grilled fish.
