

Rosé de rêve 2020

Designation: Vin de France

Grape variety: Grenache 80%, Syrah 20%

Oenologist: Natolie Laboratory, Stéphanie Prabonaud

Vinification: Harvested at dawn to keep freshness using direct pressing. Cold vinification followed by breeding in stainless steel tank.

Character: beautiful pale yellow color with golden reflections. The nose is expressive and complex, with floral vanilla and white fruit scents. The palate offers a nice volume with an acid blade that carries the wine. The structure is homogeneous and the finish lingering. Very balanced, on the freshness, the Blanc de Rêve is an ideal wine for an aperitif and sufficiently aromatic to accompany a grilled fish.

Tasting comments: Beautiful pale color, expressive nose with aromas of redcurrant and sour candy. Finish with a tonic and thirst-quenching mouthfeel on the zest of grapefruit.
